Understanding the coverage you need

Blue Cross and Blue Shield of Kansas is here to help you as more components of health care reform law become effective. We've produced this information to help you keep up-to-date and guide you through the disclosure process of the Summary of Benefits and Coverage and Uniform Glossary.

Standardized, consumer-friendly forms

As part of the Affordable Care Act, the federal government requires group health plans and health insurance issuers offering group and individual coverage **to provide consumers two key documents.** These documents provide consumers information needed to compare coverage options in different types of plans. *This requirement applies to fully insured and self-insured group health plans regardless of grandfathered status.*

- **Summary of Benefits and Coverage** – The SBC summarizes the key features of a health plan, such as the covered benefits, cost-sharing provisions

and coverage limitations. SBCs include a new, standardized plan comparison tool called "coverage examples," similar to the Nutrition Facts label required for packaged foods.

- **Uniform Glossary** – This glossary of terms written in plain language, helps consumers understand some of the most common but confusing jargon used in health insurance.

The SBC is not a guideline or example. It must be replicated using the exact wording, format and layout as set forth by the U.S. Department of Health and Human Services. Both of these forms are the direct result of model forms created through a public process led by the National Association of Insurance Commissioners (NAIC) and several representatives of insurers, health care professionals, consumer advocacy groups and others.

There are different time frames in place involving SBC distribution, depending on when enrollment occurs.

Delivering the SBCs

Blue Cross and Blue Shield of Kansas will prepare and provide the SBCs to plan administrators. Groups are responsible for distributing the documents to their employees and dependents.

SBCs for dependents

You may provide one copy of the SBC to an employee and dependents if they reside at the same address. If any dependents live at a different location, you must also send them an SBC.

Penalties for non-compliance

Group health plans and health insurance issuers willfully failing to provide required information will be subject to a fine of not more than \$1,000 for each such failure. Each failure to deliver the SBC to an individual constitutes a separate offense under the Affordable Care Act.
