See the Important Details section for more information, including requirements, exclusions and definitions.

What Your Benefit Provides

This is the amount per month you would receive if you were to suffer a qualifying disability. Eligible earnings are your monthly insured predisability earnings, as defined by the group policy. Your monthly benefit will be reduced by deductible income. Please see the Important Details section for a list of deductible income sources.

60% of your eligible earnings, up to a maximum benefit of **\$6,000** per month. Plan minimum per month: **\$100** or **15** percent of the LTD benefit.

Benefit Waiting Period

If you experience a qualifying disability, your benefit waiting period is the length of time you must be continuously disabled before you become eligible to receive your monthly benefit

90 days

How Long Your Benefits Last

This is the maximum length of time you could be eligible to receive disability benefits for a continuous disability.

Until your Social Security Normal Retirement Age (SSNRA)

Depending on your age at the time of disability, your benefits may be subject to a different schedule. Refer to the "Maximum Benefit Period" table in the Important Details section for specifics.

Additional Features

Your coverage comes with some added features:

Help with Returning to Work	This plan provides incentives to help you get back to work. For instance, you'll get help paying for some of the expenses associated with participating in an approved rehabilitation plan. If a worksite modification would enable you to return to work, the coverage can help your employer make approved modifications. You may also be eligible to receive an additional benefit of 10 percent of your predisability earnings for participating in an approved rehabilitation plan, subject to the plan maximum.
Survivors Benefit	If you die while receiving benefits, your survivor may be eligible to receive a one-time additional payment.
Support When You Need It	You'll have access to an Employee Assistance Program, a valuable confidential counseling resource if you're experiencing personal or work-related issues. This service is provided through an arrangement with a service provider who is not affiliated with The Standard.
Family Care Expense Benefit	Applies if you are disabled, returned to work and continue to receive Long Term Disability benefits. For 12 months, your calculated work earnings will be reduced by a portion of qualified expenses (up to \$250 per dependent or \$500 per family, per month).
Assisted Living Benefit	Your benefit will be increased by 20 percent of your predisability earnings when you are unable to perform two or more activities of daily living or suffering severe cognitive impairment. The maximum benefit amount cannot exceed \$5,000 in addition to the Long Term Disability benefit.

\$How Much Your Coverage Costs

Because this insurance is offered through CareStL Health, you'll have access to competitive group rates that may be more affordable than those available through individual insurance. You'll also have the convenience of having your premium deducted directly from your paycheck. How much your premium costs depends on your benefit amount.

NOTE: Your employer is paying for a portion of the premium. The rate is 0.60 percent of your predisability earnings of which you pay 20 percent of the cost. Your rate is shown in the calculator below.

Use this formula to calculate your premium payment:

As you consider Long Term Disability insurance, evaluate what makes sense for you.

Getting by without a paycheck isn't easy, especially for an extended period of time. Make sure you have enough financial protection to help you cover your housing costs, utilities and other bills.

To estimate your insurance needs, you'll need to consider your unique circumstances. Use our online calculator at **www.standard.com/disability/needs**.
