Utilization management changes — Effective January 1, 2022

At OptumRx, we offer a full suite of utilization management (UM) strategies to help ensure you receive clinically effective medications that also make the best use of your pharmacy benefit dollar.

This is a list of UM changes made to your formulary.

In this update, brand-name medications are shown in UPPERCASE (for example, CLOBEX).
Generic medications are shown in lowercase (for example, clobetasol).
