

Health Screening Benefit (HSB)

Routine check-ups help reveal changes to your health in a timely manner, making any **necessary treatment** more likely to **succeed**.¹

At least **60%** of the annual colorectal cancer **deaths** in the U.S. could be **prevented** with recommended screenings.²

For women in their 40s and 50s, annual mammogram screenings **decrease** breast cancer **deaths** by **15 to 29%**.³

The MetLife Health Screening Benefit⁴ provides you coverage for taking care of your health.

Make the most of your coverage

How it works

Susan goes to the doctor for her routine health check-up. Afterwards, she contacts MetLife by calling the telephone number below or going online to submit her HSB claim. Susan will need to have available her physician's name and phone number, treatment dates and details. Susan receives her HSB payment within 10 days or less. It's that easy!

This payment is in addition to the lump-sum payment you receive if you experience a covered event.

With competitive employee rates, you can get accident insurance for less than the monthly price of a gym membership.⁵

Some of the covered screening/prevention measures are:

Routine health check-up exam

Pap smear or thin prep pap test

Carotid doppler

Colonoscopy, virtual colonoscopy

Human papillomavirus (HPV) vaccination

Endoscopy

Electrocardiogram (EKG)

Breast exams: mammogram, breast ultrasound & breast sonogram

Skin cancer screening

Stress test on bicycle or treadmill

Blood test to determine total cholesterol

Filing a claim is easy!

- 1.
2. You will then see the 'Welcome to MyBenefits' page where you can register as a MyBenefits user or if you have already registered, enter your name and password.
3. Select "File a Claim Online" from the I want to dropdown.
4. Select "Wellness (Health Screening)".
5. Or call 800 GET MET8 (1 800-438-6388) to file your claim or obtain additional information.
6. Have your physician's name, address, phone number, and testing information details available.

Claims are generally processed within 10 business days

4. The Health Screening Benefit is not available in all states. For Texas sitused policies and Texas residents covered under policies sitused in other states, when the Health Screening Benefit is included in an Accident-only plan, the covered screening measures are: physical exam, blood chemistry panel, complete blood count (CBC), chest x-rays, electrocardiogram (EKG), and electroencephalogram (EEG).
5. Based on average costs at national retail chains.

METLIFE'S ACCIDENT INSURANCE IS A LIMITED BENEFIT GROUP INSURANCE POLICY. The policy is not intended to be a substitute for medical coverage and certain states may require the insured to have medical coverage to enroll for the coverage. The policy or its provisions may vary or be unavailable in some states. There is a preexisting condition limitation for hospital sickness benefits, if applicable. MetLife's Accident Insurance may be subject to benefit reductions that begin at age 65. And, like most group accident and health insurance policies, policies offered by MetLife may contain certain exclusions, limitations and terms for keeping them in force. For complete details of coverage and availability, please refer to the group policy form GPNP12-AX or contact MetLife. Benefits are underwritten by Metropolitan Life Insurance Company, New York, New York.
